**ELECTION**

In response to the Office Action mailed June 28, 2005 in the above-identified application, Applicant elects with traverse Group I, claims 1-30.

The Examiner's Restriction did not account for pending claims 53-58. Applicant respectfully requests clarification, as a voice mail request to the Examiner was not responded to.

Applicant also respectfully notes that the Restriction is deficient because the Examiner did not specifically indicate how the product can be used in a materially different process: both product and process recite stabilizing ocular solutions against oxidative effects.

No fee is believed due with this submission. However, if any fee is deemed due, the Examiner is authorized to charge any such fee to Deposit Account 23-3000.

Respectfully submitted,

WOOD, HERRON & EVANS, L.L.P.
